

DRAWS ON COAST FORCES FOR MEN

War Secretary Orders Artillerymen to Texas Border.

ALSO CALLS FOR MILITIA

National Guardsmen of Three States Have Been Summoned to Assist in Protecting the Border Against Raids by Mexican Bandits.

Washington, May 10.—Eleven companies of coast artillery stationed at Gulf and Atlantic coast posts were ordered to San Antonio, Tex., to serve as infantry with the border patrol.

Secretary Baker said these orders did not result from any new reports from the border, but were contemplated in the decision to reinforce General Funston's patrol.

Secretary Baker announced the decision to draw upon the coast artillery, virtually the only available regular troops left north of the border, after a conference at the war department.

The secretary also formally announced the orders for the movement to San Antonio of the five batteries of the Fifth field artillery at Fort Sill, Okla.

He said three batteries of the Third field artillery at Tobyhanna, Pa., had been ordered held in readiness for border service if necessary.

PRESIDENT HAS AUTHORITY

Can Call Militia Out for Duty on the Border.

Washington, May 10.—Administration officials interpret the military law by virtue of which guardsmen of three states were ordered into federal service to mean that the president has full authority to press the militia into service and that each state so affected is required to recruit its militia to full war strength immediately and to forward recruits to the base of operations as fast as they are sworn in.

Secretary Baker said the question of calling guardsmen from other states into service is not under immediate consideration.

FEAR OF BREAK ALLAYED

Conferees on Border Trying to Reach Agreement.

El Paso, Tex., May 10.—Fear of a break between the United States and Mexico over American troop dispositions in Mexico was temporarily allayed when, after a three and half hours' discussion, the American and Mexican conferees agreed to hold another conference.

The conference, the first held, began with Generals Scott and Funston and General Obregon and Juan Amador, Mexican subsecretary of foreign affairs, taking part.

DECLARES FOR INTERVENTION.

Austin, Tex., May 10.—Governor James P. Ferguson of Texas, on his return to Austin, issued a signed statement in which he declared that now is the proper time for United States intervention in Mexico to restore order in that country. "If it takes ten or fifty years."

PRICE OF TOBACCO HIGHER

Crop Shortage Is Expected in Porto Rico.

San Juan, Porto Rico, May 10.—The Porto Rican tobacco crop will fall far short of the estimate made during the growing season as a consequence of the highest tobacco prices in ten years are prevailing. The present crop will amount to approximately 12,000,000 pounds instead of 18,000,000 or 20,000,000 as expected.

Prices for sun-grown tobacco range about 30 cents a pound, as compared with 20 cents last year and 15 cents for the crop two years ago. Tobacco men estimate this year's crop will bring between \$3,000,000 and \$4,000,000 more than that of last year. The United States in 1915 purchased 7,000,000 pounds of Porto Rican leaf tobacco, valued at \$3,000,000, and 170,000,000 cigars, valued at \$6,000,000.

Port Said Is Bombed.

London, May 10.—A Reuter's aeroplane from Cairo says two hostile aeroplanes dropped eight bombs on Port Said. Three civilians were wounded and the attackers were driven off by fire from anti-aircraft guns. There was no property damage.

Maryland Politician Dies.

Baltimore, May 10.—John B. Hanna, former collector of internal revenue at Baltimore and former chairman of the Republican state central committee, died here.

P. L. GOLDSBOROUGH.

His Faction Beaten in the Maryland Convention.

BEAT GOVERNOR'S FACTION

Maryland Republicans Put Over Organization Delegates.

Baltimore, May 10.—The faction led by former Governor P. L. Goldsborough was defeated in the Republican state convention here and the four delegates at large to the national convention at Chicago presented by the regular organization were elected. Twelve district delegates to the national convention also were elected. The delegation is unopposed, although some of the district delegates are known to have strong "Hughes or Roosevelt" leanings.

NORTH DAKOTA TOWN SWEEP BY FLAMES

Aberdeen, S. D., May 10.—Fanned by a forty-mile gale fire destroyed three business blocks, including twenty-four business buildings and sixty residences at Ellendale, N. D. Lack of sufficient fire fighting apparatus and an inadequate supply hindered efforts to check the spread. The fire started in an old livery barn. The flames swept through the main business and residence section and then into the country where several farm buildings were destroyed. The loss is estimated between \$200,000 and \$250,000, with about \$150,000 insurance.

UNITED STATES PROTESTS

"American Legion" Denied Use of That Name.

Toronto, Ont., May 10.—Americans who have enlisted for army service in Europe are denied the use of the name "American legion" under instructions received here from Dominion authorities at Ottawa. This action was taken, it was learned, in response to a request by the United States government to the British authorities. The instructions also forbid the officers and men of the Ninety-seventh battalion and other Toronto units composed of Americans to display the title on uniform or other parts of equipment.

DENVER QUILTS BOARD FORM

Colorado City Returns to Mayorality Government.

Denver, May 10.—Opponents of the Speer amendment conceded the election of Robert W. Speer as mayor by an estimated majority of 2,000 votes. The election was invoked by the circulation of a petition by the charter league, which urged a return to the mayorality form of government, but did not designate a candidate. Petitions for the election of former Mayor Speer and W. W. Booth were filed later.

CYMRIC GIVEN NO WARNING

Members of the Crew Say They Saw Submarine.

Bantry, May 10.—One hundred and seven members of the crew of the Cymric arrived at Bantry. Several, suffering from broken limbs, were sent to the hospital.

The officers of the Cymric declare that the vessel was torpedoed without warning.

A submarine was seen, but it disappeared immediately after firing the torpedo.

The Cymric, although badly damaged, made her way for some hours but finally sank.

IRELAND IS GRIPPED IN REIGN OF TERROR

London, May 10.—A reign of terror in Ireland following the quelling of the recent revolt was charged to the government in question being at Premier Asquith in the house of commons by William O'Brien, Nationalist member from the city of Cork.

The occasion was a discussion of executions and arrests in Ireland following the Dublin riots.

The Nationalist member asked whether the premier was aware that hundreds of men from Cork and Tipperary had been arrested without any charge being named and confined in the Cork jail, where they were harshly treated.

He also asked whether any steps would be taken to allay the universal public indignation over the actions of the authorities.

ATTEMPTS SUICIDE IN WEST

William C. Andrews May Succumb to Bullet Wound.

Minneapolis, May 10.—William C. Andrews, son of A. C. Andrews, millionaire grain dealer of Minneapolis, tried to end his life by shooting in Santa Monica, Cal., according to a special dispatch from that city. He is said to be dying.

The young man's father and sister, Miss Francis Andrews, left immediately for California. At the Andrews residence it was said the young man had been in California several years.

He went there hoping to better his health. He was twenty-six years old.

BERLIN WILLING TO TALK PEACE

Expects No Further Conquests and No Reverses.

PROTECTION FROM RUSSIA

Report in Circulation Says Germany Is Willing to Evacuate Belgium and Northern France in Return for Her Colonies and Chance to Expand Her Trade.

Washington, May 10.—Germany expects no further conquests and no reverses; she expects to make peace eventually on the basis of the present ground held; her peace terms, the "vital interests" mentioned in the latest note, include two things, protection from Russia and liberty to expand trade.

This summary of the underlying motives of the recent peace proffers from Berlin was given by a German whose intimate knowledge of German affairs enables him to speak with the highest authority.

He insisted that the views given were entirely his own estimate of conditions, but there can be no doubt that they represent the basis on which Germany is willing to begin discussion of the end of the war.

Summarized Germany will make peace on these terms.

The establishment of independent states on the east and south as a buffer against Russia "the Slav power." It is not insisted that these states shall be under German influence—merely that they shall not be vassals of Russia. This includes Serbia, The Dardanelles to be in friendly hands.

The freedom of Belgium, and the return of the French territory now occupied. In return the return to Germany of her colonies, and of enough other colonial territory to give her free room for expansion.

The freedom of the seas along the lines President Wilson has outlined, which are understood to mean that peaceful commerce, both neutral and belligerent, shall not be interrupted again by war.

The extent to which this can be accomplished is admittedly doubtful, but on it would depend very largely the details of the other terms.

No indemnities. No attempt to hold an alien people in subjection, except in small numbers where the strategic and linguistic frontiers do not correspond, as around Metz.

ALLIES SCOFF AT PARLEY

London Refuses to Take Peace Talk Seriously at Present Time.

London, May 10.—The London newspapers refuse to accept seriously the peace talk which has followed publication of the German note to Washington. Outlining the position of the allies in regard to peace proposals the Daily Telegraph says:

"The entente powers are out to win the war and overthrow Prussian militarism. No inconclusive peace will suit their demands and the very suggestion of a draw is abhorrent."

The Daily Mail expresses the belief that the Germans are not sincere in talking peace. It says:

"No one in this country should be deceived by the German peace talk, which is thoroughly insincere. It has three objects—to keep the Germans under the delusion that they are fighting a truly defensive war to win the sympathy of neutrals and enlist their efforts against the British blockade and, above all, put the British people to sleep."

QUARREL ENDS IN DEATH OF MOTHER.

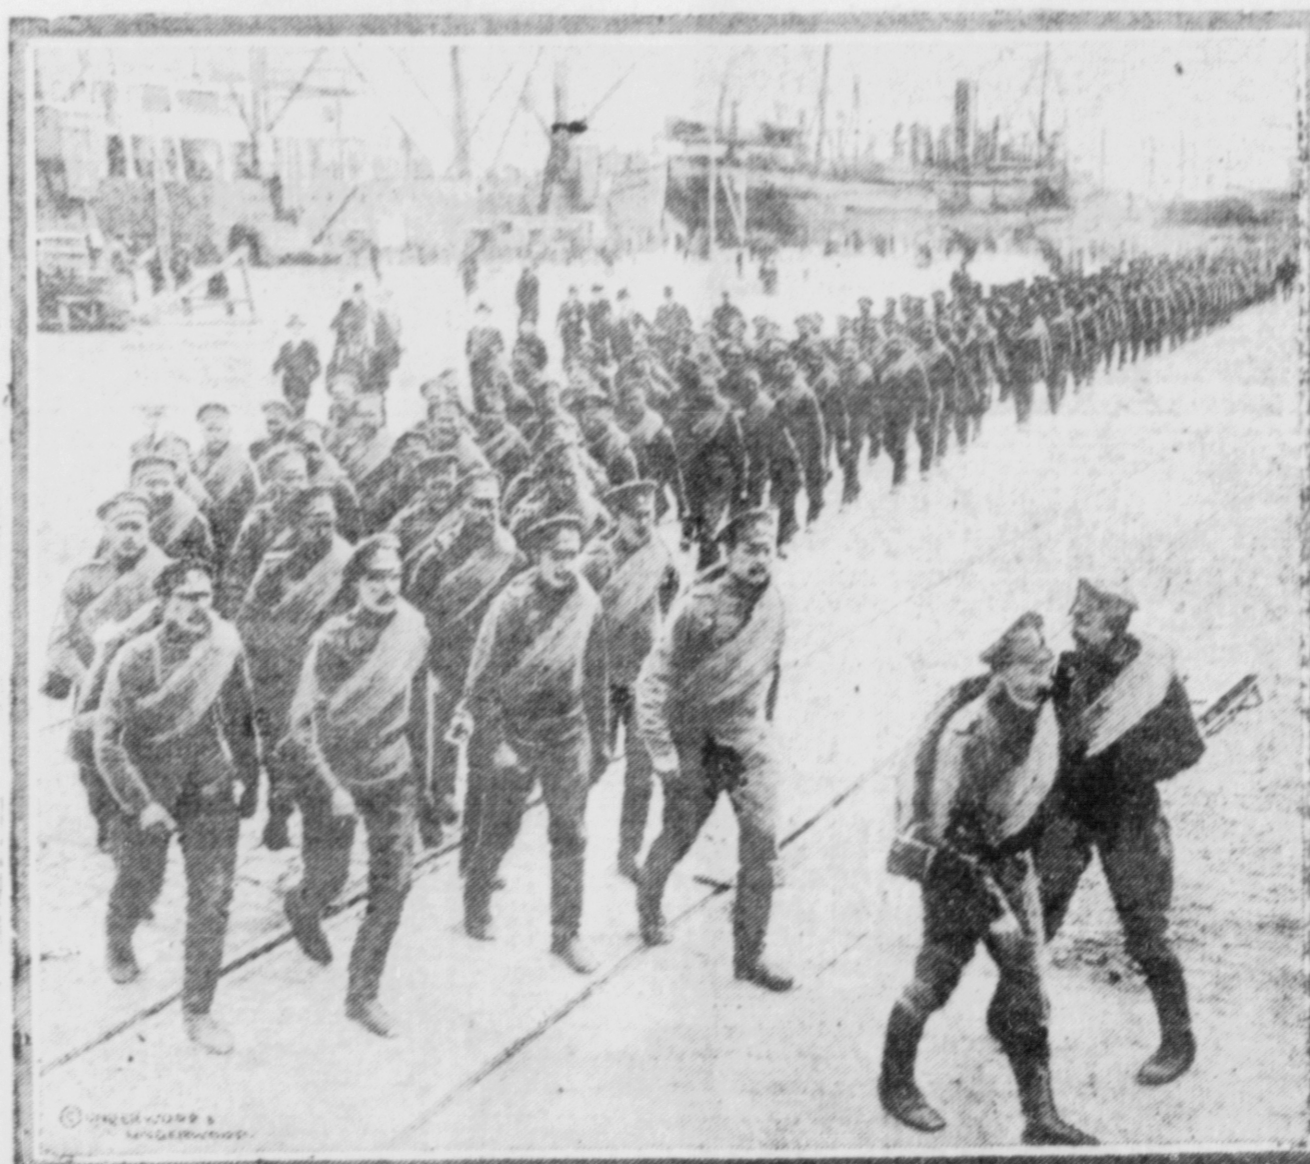

St. Louis, May 10.—Mrs. Helen Moore shot and killed her mother, Mrs. Helen Faust. The shooting was the result of a quarrel. Mrs. Moore, after her arrest, said her mother threw a tub at her and struck her with a washboard, and that her mother and her sister, Mrs. Hartman, attacked her.

MUSIC AND DRAMA**At the Best**

Two very attractive films will be shown tonight at the Best. The five reel feature film, "The Missing Link" will be followed by the Triangle-Key-stone comedy "Because He Loved Her." The story of the former is as follows:

Henry Gaylord (Robert Harron) elopes with Myra Holburn (Norma Talmadge.) He takes his bride to the home of his father, the local banker. Jasper Starr, the justice of the peace, is bitter against the Gaylords, as he is stepfather of Myra and resents her marriage. There is a run on Gaylord's bank and Jasper is appointed receiver. He acts in a very harsh manner toward the banker, who dies. Henry threatens to kill Jasper. Some time after he finds the justice lying dead in the bank. Beside the head of the dead man is a cuff link. Henry shows the link to his brother Horace. The brothers suspect each other of the crime. Henry is arrested, as he has been seen near the bank on the night of the supposed murder. Chris Tompkins, an amateur detective, discovers C. P. Martin, the ex-cashier of Gaylord's bank, burning some papers. He finds a scrap of writing which corresponds with some forged notes. Later Chris ransacks Martin's suitcase and discovers the mate of the cuff link found near Jasper's body. Martin is arrested and breaks down when confronted with the cuff link. Henry is cleared of the crime.

"THE BIRTH OF A NATION"

TAKE THE JUDGMENT OF THE CITY THAT KNOWS HOW CARS ARE BUILT—and the STATE that KNOWS HOW CARS PERFORM!

There's no surer judgment, no more trustworthy advice to be had anywhere than that of Detroit and the State of California.

IN DETROIT the city that produces three-fourths of the country's cars—where people know cars from the technical and manufacturing sides better than they do in any other city on earth—more Studebakers were registered according to official figures in the year of 1915, than any other cars selling at more than \$500.

IN CALIFORNIA the State of wonderful roads and weather—the State where people have more miles of good roads to drive over and more opportunity to use their cars than in any other State in the Union—the official figures for the year of 1915 showed 15,718 Studebakers registered—2,895 MORE than any other car listing at more than \$500.

California KNOWS cars from use on the roads—Detroit knows cars from having the bulk of the industry centered in its limits. Both have made Studebaker favorite by a long lead. What better judgment can YOU follow in buying? And the reason is simply that every time a man makes even the barest comparison of a Studebaker with other cars, he finds that to get as much power, size and quality as a Studebaker offers, he must pay from \$250 to \$400 MORE. So they're buying Studebakers—and SAVING that \$250. Why don't you see the cars—then go make that \$250-saving comparison.

BABIES WHO ARE PRIZE WINNERS

137 Babies Were Registered in Baby Welfare Week Contest in Brainerd

SEVEN 100 PER CENT BABIES

Merchants of the City Gave Prizes to Babies in Each Group

THE PRIZE WINNERS

(A Group—3 to 6 Months.)
Verna Bakklia, 100.
Myles Franklin Hall, 100.
Alfhild Gudrun Moe, 100.

(B Group—6 to 12 Months.)
Mary Elizabeth Jones, 100.
Alfred Menz, 99.5.

(C Group—9 to 12 Months.)
Elaine Louise Webb, 100.
Raymond Johnson, 99.
Myrtle Frances Bradford 99.
Francis Geo. McCulloch 99.

(D Group—12 to 18 Months.)
Arthur J. Winter, 100.
Kathryn Fox, 100.

(E Group—18 to 24 Months.)
Edith Beckley, 99.
Lizzebell Nelson, 98.5.

The Baby Welfare committee has announced the prize winners in the baby contest and Brainerd has the

proud record of having seven perfect babies, each scoring 100 per cent. The examinations were conducted under the direction of Dr. Rood Taylor of the University of Minnesota, who had experience at the state fair baby show, etc.

The babies, in most cases, were breast fed, although one baby, scoring 100 per cent, was raised on a bottle. Another theory was upset when an infant, the seventh of a proud family, scored 100 per cent, such high marks usually going to the first born.

The merchants donating the prizes include A. M. Opsahl, Miss Marie A. Canan, D. E. Whitney, George F. Murphy, H. F. Michael Co., Johnson Pharmacy, Brockway & Parker, Koop Mercantile Co., H. P. Dunn, B. C. McNamara, Mrs. C. Grandelmyer, C. M. Patek & Son and the Brainerd Electric Co.

Verna Bakklia, age 5 months, 3 weeks, is the daughter of Mr. and Mrs. Herman Bakklia, 508 South Ninth street. Parents are both of Finnish nationality and he is a cigar maker by trade. Verna is bottle fed and scored 100 percent. Her father is 22 and the mother 22. She is their first child.

Myles Franklin Hall, son of Mr. and Mrs. Franklin G. Hall, 209 North Fourth street, scored 100 percent. He is 4 months old and their first child. The father is a printer, is 46 years old and the mother 34. The child is breast fed. Parents are American.

Alfhild Gudrun Moe, age 5 months, scoring 100 percent, is the fourth child of Mr. and Mrs. Alexander Moe, 1295 Pine street, Southeast, and both parents are Norwegian nationality. The baby is breast fed and

eats bread and milk. The father is 22 and the mother 33. He is a cabinet maker by trade.

Mary Elizabeth Jones, age 7 months, 907 Main street, scored 100 percent. She is the seventh child of Mr. and Mrs. James Michael Jones, and is breast fed. The father is English, the mother French nationality. The father, aged 47, is a carpenter, and the mother is 37 years old.

Alfred Menz, age 9 months, scored 99.5 percent. He is the son of Mr. and Mrs. Arthur Menz, 412 Second Ave. Northeast, the fourth child in the family. Parents are of German nationality, father aged 31 and mother 26, and his occupation is helper. Baby was breast fed.

Elaine Louise Webb, age 11 months, daughter of Mr. and Mrs. Harold Edgar Webb, 221 Kingwood street, scored 100 percent. Parents are American. The father is 29 and the mother 27. His occupation is clerk. The baby is the second in the family and was breast fed.

Raymond Johnson, age 11 months, son of Mr. and Mrs. Arthur Johnson, 615 South Sixth street, scored 99 percent. He is the first born and breast fed. The parents are of Swede nationality and the father is a builder and contractor. He is 34 and his wife 24 years old.

Myrtle Frances Bradford, age 10 months, daughter of Mr. and Mrs. Chas. G. Bradford, 305 North Tenth street, scored 99 percent. She is the first born, breast fed. The parents are American nationality, both aged 24. The father is an M. & I. relief agent.

Francis George McCulloch, age 10 months, son of Mr. and Mrs. Mac Neal McCulloch, of Oak Lawn, scored 99 percent. The baby is first born and breast fed. The parents are Scotch and Irish nationality, the father 21 and the mother 22 years old. He is a farmer.

Arthur J. Winter, age 14 months, son of Mr. and Mrs. Arthur J. Winter, 402 Quince street, scored 100 percent. He is their second child and breast fed and also eats cereals. Nationality of the parents is American, the father 33 years old and the mother 29. The father is a switch foreman.

Kathryn Fox, age 15 months, daughter of Mr. and Mrs. George Fox, 420 Pine street Northeast, scored 100 percent. The baby is the fourth and bottle and breast fed. The father is of Swiss nationality, the mother German. He is a machinist 54 years old and the mother is 33 years of age.

Edith Beckley, age 19 months, daughter of Mr. and Mrs. Louis Beckley, 422 Farrar street Northeast, scored 99 percent. She is the first born and breast fed. The nationality of the parents is American, the father being a teamster in the Northern Pacific shops and 30 years old, the mother 25 years old.

Lizzebell Nelson, age 19 months, daughter of Mr. and Mrs. Oscar Nelson, 702 Second Ave. Northeast, scored 98.5 percent. He is the fifth of the family and breast fed. The father is a Dane and the mother a German, his age being 24 and his wife 26. He is employed as shop helper.

"THE PROFESSOR'S LOVE STORY"

To be Shown at Opera House Friday Evening by Senior Class of High School

"The Professor's Love Story", which will be shown at the opera house on Friday evening by the senior class of the high school, is the cleverest comedy that has ever been staged in Brainerd. The strange dilemma of the absentminded Professor who is suffering from a severe case of "cherchez la femme"; his helplessness when deprived of the guardianship of his sister and his ignorance of worldly affairs form a delightful play full of fun and laughter. To set off the main plot is the story of the matrimonial difficulties of the maid, Effie. Two men have been courting her for five years but refuse to come to the point of proposing. But finally one of the men determines to propose to her but is seen by the other of her suitors so it becomes a race for a wife. Although the one proposes first is not her choice, Effie accepts him to find that the one she preferred was coming to propose. When the situation is explained to the second suitor he determines to win her away from the accepted one. In carrying out his plan he so preys upon the other's fears that he is finally offered a picture of "Robbie Burns under a tree playing a concerting," a butterplate, and several other bribes if he will only marry Effie.

The interludes between acts will be occupied by several drills which have been prepared by the Junior and Senior girls under the direction of Miss Harrison. The Morris drill is composed of twelve juniors, Anna Erickson, Emma Zahn, Ida Reid, Morrell Anderson, Helen Frost, Grace Drexler, Esther Erickson, Evelyn Mraz, Edith Schlib, Ethel McIntyre, Edna Thompson and Margaret Keough.

The flax drill is composed of fifteen senior girls: Rosetta Mosen, Hannah Linn, Ruth Phelps, Phoebe Apgar, Edna Mahlum, Elsie Carlson, Lydia Nelson, Lillian Headman, Josie Swanson, Edith Bennington, Mae Squires, Helmi Salo, Hilfred Johnson, Mabel Swanson, Eleanore McCorkel. Miss Marion Opsahl will be the pianist for both drills.

The senior girls will also present a Swedish drill in the costume of the "Dalkulas." They will also present the Morris drill as it was given in the days of Queen Elizabeth. The girls will wind in and out through all the evolutions that delighted the hearts of the Shakespeare's contemporaries.

WORLD'S FASHION NEWS

Smart Traveling Coats Emanating the Maison Cheruit—Other Modes

From the Maison Cheruit emanate a number of exceedingly smart traveling coats. One particularly effective model is made of red cloth and lined throughout with white cotton tricel. Inside pockets of the tricel are piped with red. The wrap is hung from a narrow shoulder yoke in the front and is drawn in at a high waist-line by a narrow belt of the tricel which zig-zags up and down in an entirely irregular and quite fascinating manner. The coat has a collar which stands up high at the back, and at the front the revers are faced with the white tricel.

A very youthful blue serge coat from Lanvin buttons not on the left as feminine coats do but on the right in the masculine manner. It has collar, cuffs and buttons of black satin, and a little narrow belt of the material which is tied about the figure at a high waist-line and knotted a little to the left of the front in a most nonchalant manner.

Madam Jenny has come forward with her usual quota of smart capes. Those designed for summer wear are made of alpaca, linen or taffeta. The very latest model is built of mousseline with many crosswise ruffles of taffeta. Madam Jenny is also making many smart little peleries to be worn over light summer frocks.

The chic Parisienne is now motorless, having given her cars over to the government and in consequence she walks more than ever in her life. And when she walks she carries an umbrella. All last winter it was the short, thick stick swinging by a leather strap from the wrist, but this spring, although the stick is still thick, it is somewhat longer and the handle is fashioned of stone, which resembles lapis lazuli. The handle, the end of the stick, and the tips of the ribs of the umbrella are all made of this blue stone which is polished to the brilliancy of a mirror.—From H. W. Gossard Corset Co., courtesy H. STATE GEOGRAPHICAL NAMES AND THEIR HISTORICAL SIGNIFICANCE

(Prepared by the Minnesota Historical Society for the United Press)

Kanabec County
The name of the Snake river, which flows through this county is a translation of Ka-na-bee the Chippewa name for the stream. W. H. C. Folsom, who was already responsible for the name of Chisago county, introduced in the senate the bill for the establishment of this county in 1855 and selected its name. The word should be pronounced with the accent on the second syllable and the long.

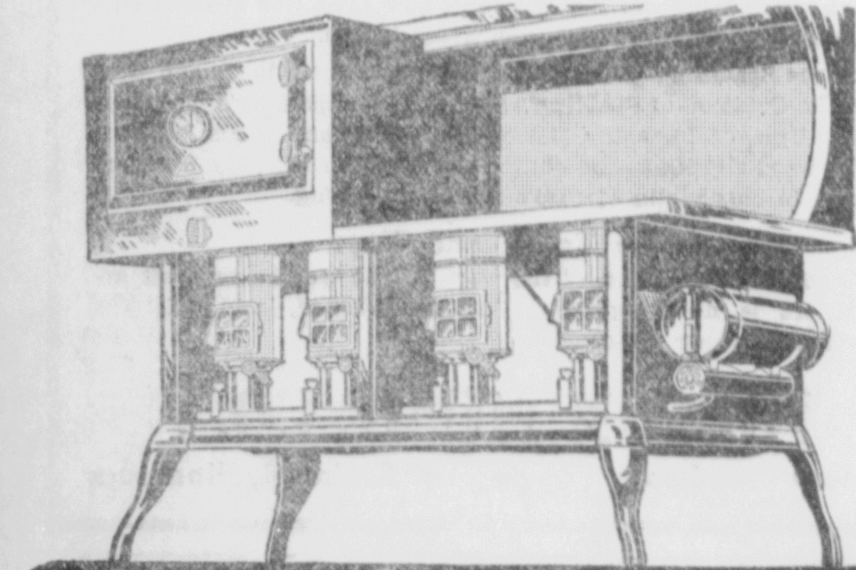

Provide for Family Balance of Year

Hibbing, Minn., May 10.—Uncle Sam may be forced to provide for the family of Steve Dawson, for the rest of their lives. This was the declaration of an attorney for the family today. Dawson was shot to death by federal agents, trying to prevent him from bringing booze into territory that is dry under the federal Indian treaty. A jury exonerated the federal agents, but Dawson was found to be a citizen of Austria-Hungary. A treaty with this country says that when one of their residents meets death violently, at the hand of United States agents, Uncle Sam shall adopt the decedent's family.

Antidote Discovered for Bi-Chloride, Suicide's Favorite

Cincinnati, May 10.—The discovery of an effective antidote for bichloride of mercury poisoning is announced by Dr. J. H. Wilms, and endorsed by city health officers, and out dependents may now be deprived of their favorite method of committing slow suicide.

The remedy consists of calcium sulphite, given intravenously grain for grain, of the poison taken: one grain of calcium sulphite to one ounce of water within 48 hours after the poison has been taken.

Unmarried boys, 18 and Over Answer Call Today

(By United Press)

London, May 10.—Beginning today, the last of Great Britain's single men, eligible for army service, began to get into khaki. In all sections of the country, young men of 18 years of age reported at supply depots and changed their civilian raiment for army duds. They will remain in training until they have reached the age of nineteen, at which time they will be subject to service in actual warfare.

With the first drafts reporting today, it is expected that within a month every eligible single man, whether attested under the Derby recruiting scheme or liable for service under the conscription act, will have left civilian pursuits for war duty. Carrying out pledges to the married eligibles, made in the House of Commons, the government is rapidly digging out single men from munition factories and other governmental positions. They are being replaced by women. The first groups of married men who attested for service under the Derby plan are now beginning to assume the appearance of trained troops. They have been in service more than a month. Their ages range from nineteen to twenty-six.

DEAN LAKE

The weather is warming up a little by degrees. Most of the farmers will appreciate this as they are trying to get their crops in, which up to the present time has been a difficult task.

Mr. and Mrs. W. S. Benson are moving into their new home.

Henry Wagner and his mother, Mrs. Pete Wagner, are visiting at Mrs. Pete Wagner's, Jr. They moved to Idaho about a year ago.

Ronald Lord visited his uncle, Richard Terry of Crystal Springs for a few days last week.

Miss Gibb returned to her home at Long Lake after finishing a successful term of school at Dean Lake. She remained for a week's visit at the Wenzel home.

Ridge Clark of Miles City, Mont., visited with friends at Pine Knoll for a few days. He was at one time a resident of this place.

Myrtle Welton visited her cousin Mrs. Oscar Harrison, a few days last week.

The dance given by Gust Wenzel was well attended. Every one present reported a very good time. We sure did have one.

The roads between Aitkin and Mr. Kline are almost impassable.

Our mail carrier, Mr. Michelson, had quite an experience getting through last Saturday. He was stuck in a mud hole below Kline's for nearly two hours before getting help. Mr. Kline came to his assistance with a boat and the wagon was sunk into the mud so deep that it was impossible for the horses to pull it out empty. Mr. Michelson says if it hadn't been for the help of Frank Leonard he could not have gotten out at all. Some people blame the mail man for being late, but this is unjust considering the difficulties he has to pass through.

Gust Wenzel and son Edwin, were Aitkin callers last week.

12 Million Cans of Irish Stew

(By United Press)

Philadelphia, May 10.—Delivery was made today of the first 12 million cans of the order for six hundred million one-pound tins of Irish stew for the armies of Great Britain and its allies. Of the contracts placed in the United States, Philadelphia got a large part, as 125,000,000 cans have been ordered here. Three big canneries combined to fill the order. Twelve million cans a week are to be shipped until the entire order is filled. Montreal, St. Johns and Halifax, are to be the shipping points. Most of the order, it is understood, is destined for France and Russia. American companies sharing in the order include Libby, McNeil & Libby; Leggett & Co., New York; Campbell Soup Company, Camden; Franco-American Soup Company, Swift & Co., and Armour & Co.

TALKS ON BANKING

Reconciling Your Bank Account, Keeping Tab of Your Checking Account

If you keep a checking account with a bank it is important both to you and to the bank to know that your accounts agree. Errors are liable to be made on both sides. A deposit that should have gone to your account may have been credited to one with a similar name, and likewise a check may have been wrongly charged against your account. Forgeries may have been committed through your checks, and errors incidental to keeping a large number of accounts are always possible. It becomes important, therefore, to frequently adjust your balance with that of the bank, both for the sake of protection and for the sake of accuracy.

A great many banks balance the pass book when left for this purpose, by listing on the adding machine the paid checks, deducting the amount from the total of the deposits, the difference representing the amount on deposit. Other banks now issue a monthly statement in the form of a typed sheet, containing all deposits made and checks paid, with the balance struck. This obviates the necessity of balancing the pass book, which becomes merely a memorandum of deposits made.

Whatever the method, you should not delay reconciling the balance. It is easily to be seen that the bank's balance will not agree with your check book, by reason of the fact that you have issued checks which may not have been presented for payment. It is a good plan to consider every check issued as immediately paid, and deducted from your bank balance. If you do this, you will never be deceived as to the condition of your account.

Number all checks consecutively and when returned from the bank arrange them numerically, and check them as to amount with the check book stubs. After you have ascertained what checks you have issued that have not been paid, subtract the amount from the balance shown by the bank, which should agree with your own balance. If any difference occurs, after assuring yourself that you are right, report the matter at once to the bank.

It is well to examine the checks returned to see that they are all signed by you, and that the amounts have not been raised, the latter being proven from the checking process above noted. If you will follow these simple directions, and see that your account is reconciled at least every sixty days, it will help both you and the bank officials, for they desire frequent reconciliations and do not care to have vouchers accumulate for a long period.—American Bankers Association.

Widow of Noted Architect Weds Gen. Webb's Son Today

New York, May 10.—Mrs. Wm. Hamilton Russell and Alexander S. Webb were married quietly today at her home, No. 271 Lexington avenue. Mrs. Russell is the widow of the well-known architect and was Miss Florence Sands. She is the daughter of the late James W. Sands.

Mr. Webb, who is president of the Lincoln Trust company, is a son of the late General and Mrs. Alexander S. Webb, and a brother of Mrs. John E. Alexander. He belongs to the Union and Manhattan clubs, the Society of Colonial Wars and Society of the Cincinnati.

The Bum is a Municipal Asset

(By United Press)

Bellevue, O., May 9.—If you have tramps or vagabonds you don't want just put them on the train for Bellevue. They'll be cheerfully received. The new official system here makes the advent of a few "boes" a joyous occasion. The bum is a municipal asset to Bellevue. Here are a few of the things they have done for this town of 6,000 souls:

Polished the streets; carried off the rubbish from every back yard; put the baseball diamond in fine condition and started a sewer system for the city. After the sewer is completed they'll be put to work paving new streets.

The nice thing about it all, the boes do these things willingly, cheerfully—after they've seen the stone pile. They are given their choice of the two.

Take the case of Banjo Charlie, who recently swung off a side door pullman. While looking for the "welcome" chalk mark on a gate post or back door, he was greeted by Chief of Police Charles Buckland, who said cheerily: "Come right up to the city hall and register. Glad to see you."

Banjo Charlie followed the line of least resistance. "Want you to meet our mayor," said Buckland. "Good morning judge," said Charlie suspiciously. "Good morning," responded Mayor H. C. Aurand, pleasantly. "Five and costs."

Then the new arrival got his first line of Bellevue's hospitality. He was waited into the combination jail, dining hall and kitchen. "Here's the makins," said Chief Buckland, thrusting into Charlie's paw some eggs, bacon and a skillet. A small stove was in the corner. "Do I gotta get my own breakfast?" queried Charlie, peevish. "You certainly do," said Buckland. "You'll be doing lots of things for yourself before you leave." After breakfast Charlie was led to the stone pile, a ball and chain affixed to his leg, and a heavy sledge placed in his hands. "Would you mind sweeping a little mud off our streets this morning?" Charlie was asked, casually. "I'd dearly love to," was the prompt response.

All tramps are given eleven days as soon as apprehended. They are required to do their own cooking. Vags are allowed to sell junk gleaned from the rubbish carted away, and keep the money. Send your vags to Bellevue!

OVEREATING SHORTENS LIFE

Heavy Dinners are Bad Risks, says Life Insurance Actuary

(By The Associated Press)

New York, May 10.—Insurance statistics show that the man who overeats as well as the man who indulges in alcoholic drinks is a bad risk, according to Arthur Hunter, a life insurance actuary. Mr. Hunter delivered a warning against over-indulgence in an address to a Young Men's Christian Association last night. He said that the heavy diner as well as the heavy drinker was sure of a short life, but seldom a merry one, because the conditions under which he lived precluded the full enjoyment of either mental or physical well-being. But at the top of the list of life shortening habits he placed the use of alcoholic liquors.

"Seventy years ago," said Mr. Hunter, "an abstainer was unknown. When the first abstainer applied to a large London company for insurance a special meeting of the board of directors was called to deal with this phenomenon, and a special premium was demanded. Contrary to all expectations, this man lived to be 82 years old.—Daily News, Chicago.

National Conference to Meet Today

(By United Press)

Indianapolis, May 10.—A national bureau for the rehabilitation of America's mental defects will be one of the big things planned by the nation's experts on crime and poverty, at the National Conference of Charities & Correction, which opened here today. The promoters of the plan have in mind the establishment of a big farm, or a number of them in various parts of the country, with institutional buildings and homes for the "farmers," where the potential criminals may be studied individually and made over into useful citizens. In one division of the conference, under Miss Julia C. Lathrop of the Federal Children's Bureau, the famous Gary plan of public school organization will be shown to represent ideas social workers have long advocated. Social work agencies will be represented as buttressing public school organization in respect to the health of children, recreation, school centers and steering the child into work.

Insurance will be advocated as a preventative of dependency by Dr. Lee K. Frankel of the Metropolitan Life Insurance company, New York. Dr. I. M. Rubinow of the American Medical association, will speak on health insurance. The chief of the industrial hygiene department of the Ohio state board of health, Dr. E. R. Hayhurst, will describe sanitary and hygienic measures for improving the condition of labor. Two physicians, Dr. D. C. Peyton of Jeffersonville and Dr. S. E. Smith of the Richmond hospital for the insane, will describe the bearing of disease upon crime, insanity and poverty. Employers will be shown to be moral reformers in their attitude toward the use of alcohol by their employees. In a report to be made by Dr. Alexander Fiesher, of the Metropolitan Life Insurance company.

Cut This Out—It is Worth Money

Don't miss this. Cut out this slip, enclose with 5c to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for bronchial coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn, druggist.

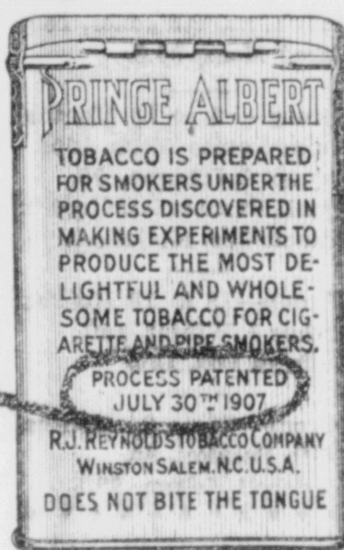

Prince Albert gives smokers such delight, because

—its flavor is so different and so delightfully good;
—it can't bite your tongue;
—it can't parch your throat;
—you can smoke it as long and as hard as you like without any comeback but real tobacco happens!

On the reverse side of every Prince Albert package you will read:

"PROCESS PATENTED JULY 30th, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

This is the reverse side of the Prince Albert tin. Read this "Patented Process" message to you and realize what it means in making Prince Albert so much to your liking.

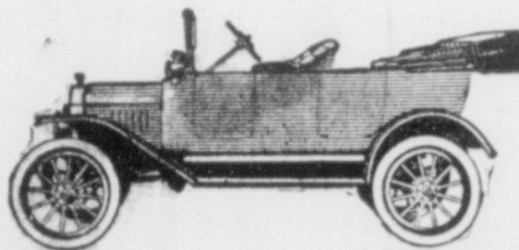

Ford THE UNIVERSAL CAR

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of Wyeth's Sage and Sulphur Compound, which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre, and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

RED WING GETS NEXT CONVENTION

Gains over Rochester and Virginia
Next State Convention Knights
of Columbus

STATE OFFICERS ARE ELECTED

John M. Taylor one of Seven Delegates Elected to National Convention at Davenport

The Knights of Columbus closed their state convention in Brainerd Tuesday by adopting resolutions praising the hospitality of Brainerd, the local council of the Knights of Columbus and the Brainerd Chamber of Commerce, members of the latter taking the delegates on an auto trip in the evening to points of interest about the city including the \$500,000 paper and pulp mill being erected by The Northwest Paper Co., the new gas plant location of the Brainerd Gas & Electric Co., the Brainerd-Cuyuna iron mine in the city limits, the big repair shops of the Northern Pacific railway company, etc.

Red Wing is the next convention city, getting the 1917 gathering, its competitors being Rochester and Virginia.

The officers elected are State Deputy William F. Donahue, Minneapolis; State Chaplain Rev. Wm. Busch, St. Paul; Past State Deputy John A. Burns, St. Paul; State Secretary John D. Mahon, Duluth; State Treasurer M. S. Fisch, Austin; State Advocate F. J. Hanzel, Montgomery; State Warden, D. W. Hughes, Crookston.

Delegates elected to the national convention at Davenport, Iowa are P. X. Kennedy, Montgomery; J. F. Fahey, Green Isle; J. R. Foley, Wabasha; John Lynard, Owatonna; Edw. Scallon, Virginia; Martin J. Ryan, St. Paul; John M. Taylor, Brainerd.

In the evening a grand ball for the Knights and their ladies was given.

The address of welcome was delivered by Acting Mayor Col. C. D. Johnson. Mr. Johnson's witty remarks made a hit with the convention. State Deputy Burns of St. Paul, responded.

The committee on credentials reported every council in the state represented with the exception of Northfield.

The annual address of the state deputy showed that the state organization had enjoyed a most successful year in its history, and made gratifying gains in membership.

Three new councils were organized during the year, namely, Staples, Little Falls and Blue Earth.

The Supreme Physician, Dr. Buckley, of St. Paul, made one of his usual vigorous talks on fraternal insurance, and that the Knights of Columbus was at the top of the list among solid insurance companies. It could pay \$1.35 on every dollar of insurance on its books.

Telegrams of congratulation to the state council were received from the supreme officers and from many of the state councils.

No changes were made in the by-laws except that the order of business be such hereafter as to conform to that adopted by the national council.

The state council recommended that a sum which will approximately amount to \$1,200 be donated this year to the St. Thomas college building fund.

It was also voted that a committee of three be appointed to consider the feasibility of establishing a state journal devoted to the interests of the order.

FAVOR GREAT LAKE REGION

Mille Lacs-Leech Lake-Jefferson
Highway Association Formed
by Delegates Meeting

AT THE CHAMBER OF COMMERCE

Are Unit to Have Jefferson Highway
Through Mille Lacs, Cass and
Crow Wing Counties

Representatives of Cass, Mille Lacs and Crow Wing counties, meeting at the Brainerd Chamber of Commerce Tuesday at the call of the Jefferson Highway Committee of that organization were a unit in their desire to have the great national highway routed through the counties named and believe it will make the greatest scenic section of the entire route.

Dr. J. A. Thabes presided at the meeting which was attended by men prominent in the development of this section. The Mille Lacs-Leech Lake-Jefferson-Highway Association was formed to urge the merits and advantages and secure the adoption of the proposed section through Mille Lacs county, skirting Mille Lacs lake, on to Brainerd, past Gull lake, Leech lake and the great wonderfully beautiful lake region of north Minnesota.

The officers elected were President Dr. E. L. Wilcox, Walker; three vice presidents, R. R. Wise, Brainerd, of Crow Wing county; H. E. Mann, Waukon, of Mille Lacs county; John Bailey, Backus, of Cass county; secretary C. E. Hansing, Brainerd; treasurer Judge C. A. Albright, Brainerd.

The executive committee includes the officers named and Hon. P. H. McGarry and A. McBride, of Walker, representing Cass county; Dr. J. A. Thabes and N. H. Ingersoll, Brainerd, representing Crow Wing county; P. R. Burrell and J. F. Warren, of Onamia, representing Mille Lacs county.

Drafting a brief, making a map of the route and gathering photographs and statistics to present to the State Highway Commission is the work of a committee selected which includes J. S. Scribner, Walker, chairman; James M. Elder, Brainerd; H. F. Mann, Waukon; Judge Bert Jamieson, Walker and Judge C. A. Albright, Brainerd.

In the evening bylaws were framed and other details arranged. Membership cards will be issued.

BRAINERD'S OLDEST STORIES TODAY

This is one on Lester Hitt, the remarkable hunter of "Cook's Colt's", who fanned 16 Altin men on Sunday. Hitt begged not to tell it, but it's too good to keep.

He took a young lady to the game and she sat through it and watched the play with intense interest and cheered when Hitt pitched so nobly. When the game was over Hitt was so wrapped up in the affair, mentally continuing his strikeouts, that he forgot the girl who had to walk home alone.

Since then, however, satisfactory explanations have been in diplomatic manner made and all's well again.

U. C. T. CONVENTION

Fully Forty Duluth Men are Planning to Go to Minot, N. D., Meet—Brainerd After It

(Duluth Herald)
Duluth U. C. T. members are expected to turn out at least forty strong for the Minot, N. D., convention of the order next month. At that time an effort will be made to secure the 1917 convention of the Minnesota-North Dakota district for Duluth. Minneapolis and Brainerd are also bidding for it. George O'Sullivan of Zenith Council No. 49 is in charge of the arrangements for the trip to Minot. The local council has been promised a special car to Minot by one of the railroads.

A. J. GAFKE TO LEAVE BRAINERD

Has Accepted a Position as County Agent at Woodstock, Ill., for Three Years

SOIL IMPROVEMENT ASSOCIATION

Was a Factor in Getting Appointment of Mr. Gafke in McHenry County, Illinois

A. J. Gafke, county agricultural agent, and his estimable wife are about to leave Brainerd, Mr. Gafke having accepted a position at Woodstock, Illinois. Mr. Gafke was very successful in Brainerd and Crow Wing county, started and fostered the farmers club movement, urged co-operation among the farmers, and introduced many new phases in farm management and cultivation.

Of Mr. Gafke the "Woodstock, Ill. Sentinel" of April 27, says:

"A meeting of the McHenry County Soil Improvement Association was held at Woodstock April 20. Present: Messrs. Murray, Gracy, Whipple, Turner and Wright. Also Mr. Coffy, assistant state leader from Urbana.

The object of the meeting was to employ a county agent for McHenry county. A. J. Gafke came before the committee as a candidate who has been employed in the same capacity for Crow Wing county, Minnesota, for the last three years, and if the letters of recommendation that he brought from the Minnesota county are any index of the success that he enjoyed at that place, the committee will have been fortunate to have secured his services for McHenry county. Mr. Gafke was reared on a farm near Oregon, Wis. After graduation from high school he entered the Wisconsin university and graduated in agricultural in 1910. Since that time he has been actively engaged in agricultural extension work.

Mr. Gafke will be here to commence his work May 15, and we bespeak for him a cordial welcome to this most interesting field and we shall be much disappointed if his services are not worth in dollars and cents many times their cost."

In the record of county commissioners proceedings, the "Woodstock, Ill. Sentinel" of the same date, says in part:

"At the afternoon session the board appropriated \$2,000 to continue the work of the Soil Improvement association. M. J. Wright and H. E. Whipple, representing the association, spoke to the board about the work which is being done and the work that is planned and asked that the support of the county be continued."

The employment of A. J. Gafke as county farm advisor for a term of three years, was announced to the supervisors. He comes as a successor to Deios L. James, who resigned a few weeks ago to accept a position at Col. Frank O. Lowden's Sinsissippi farm near Oregon, Ill.

Mr. Gafke has been employed during the past three years in a like capacity in Crow Wing county, Minnesota, where it is said he has done excellent service."

Four Year Term is on Trial Today

St. Paul, Minn., May 10—Minnesota's law providing county officers holding their office for four years at one term, was on trial for its life before the Minnesota state supreme court today.

The arguments were heard by the supreme tribunal upon a writ of mandamus to force J. A. Bergum, county auditor of Wright county to show cause why he refused to accept the affidavit of nomination of Fred J. Fischer of Buffalo, as a candidate for county treasurer.

The present incumbent of that office was elected in November, 1914, and according to a law passed by the 1913 legislature, would hold office until January 1919. Fischer seeks to test the validity of this law without which the present incumbent would go out of office next January, and without which there would be a general election in Minnesota for county officers this fall.

PROFIT IN CATTLE

Wm. H. Rosenkranz, of Hankinson, N. D., Sends Newspaper Clipping on Cattle Raising

(Hankinson News, Hankinson, N. D.)
Many farmers do not realize the opportunity for money making offered by raising cattle. An illustration was called to our attention this week in the case of Olaf Anderson and W. C. Rosenkranz, well known farmers living southeast of the city.

Saturday they marketed 61 head of cattle, receiving checks from M. A. Whippman aggregating \$4,841.30. This is an average of \$79.36 per head.

The above clipping was mailed the Dispatch by Wm. H. Rosenkranz who writes the sale was made by his son, W. C. Rosenkranz and one of his neighbors on April 29th and is proof of what can be done with a poor crop of corn.

Now he has a carload of hogs to ship in about four weeks. The weather has been very cold and late at Hankinson. Wheat has been mostly sowed. Oats and barley will be sowed this and next week. Corn will not be put in until late in May of early June. Some ground is very wet now.

INQUIRY APPEARS PROBABLE

Raise in Hard Coal Prices May Be Investigated.

Washington, May 10.—The federal trade commission announced that if there was any further raise in the price of anthracite coal the commission would take up with the department of justice the question of an investigation of the anthracite industry. The department had suggested the inquiry if prices are raised following the wage advance just given to anthracite workers.

The Strange Case of Mary Page

The Great McClure Mystery Story, Written by FREDERICK LEWIS, in Collaboration With JOHN T. M'INTYRE, Author of the Ashton Kirk Detective Stories

Read the Story and See the Essanay Moving Pictures

Copyright, 1915, by McClure Publications

SYNOPSIS:

Mary Page, actress, is accused of the murder of James Pollock and is defended by her lover, Philip Langdon. Pollock was intoxicated. At Mary's trial she admits she had the revolver. Her maid testifies that Mary threatened Pollock with it previously, and Mary's leading man implicates Langdon. How Mary disappeared from the scene of the crime is a mystery. Brandon tells of a strange hand print he saw on Mary's shoulder. Further evidence shows that horror of drink produces temporary insanity in Mary. The defense is "repressed psychosis." Witnesses described Mary's flight from her intoxicated father and her father's suicide. Nurse Walton describes the kidnapping of Mary by Pollock, and Amy Barton tells of Mary's struggles to become an actress, of Pollock's pursuit of her and of another occasion when the smell of liquor drove Mary insane.

A NEW CLEW.

NATURE with her prodigal creativeness sends every human being into the world differing in some fashion from his fellow men and women; not merely in feature but in emotion and character. Yet, taken in the aggregate, all these contrasting personalities may be swayed as one man.

It was not merely sympathy for Mary that swayed the crowd on this particular morning, however; it was expectancy—a psychic sense of something impending—and there was a whisper that might have been excitement or a more composite, "I told you so," when Langdon, a bundle of papers in his hand, stepped forward and addressed the court.

"Your Honor and gentlemen of the jury," he said quietly, "it had been my intention to call upon Mr. Daniels, manager for the defendant, as my next witness. But"—he paused dramatically—"Mr. Daniels has disappeared! And in searching for him such important facts have come to light that I crave the indulgence of the court to recall some former witnesses in order to introduce fresh testimony for the defense. It has been learned that, unknown to Miss Page, James Pollock supplied the money to back 'The Seekers' in which the defendant was starred, and there are such suspicious features connected with the partnership of Daniels and Pollock that I—"

"I object!" interrupted the District Attorney hotly, leaping to his feet. "If there are suspicious features or new

"Mr. Daniels has disappeared!"

facts let Mr. Langdon introduce them as testimony. Your Honor, this is a palpable effort on the part of my learned opponent to mislead the jury."

"On the contrary," stormed Langdon. "I stand ready to bring out each one of these facts in the testimony of my witnesses."

Langdon turned to the bailiff with a smile of satisfaction.

"Call George Brennan," he said, and flashed a look of encouragement at Mary.

"Mr. Brennan," said Langdon, when the witness had given his age as thirty and his state as unmarried, "will you please tell the Court the result of your investigations into the disappearance of William Daniels?"

"I called at the Daniels apartment," said the detective quietly, "at Mr. Langdon's request. He wanted Mr. Daniels as a witness and also wanted him to call at his (Mr. Langdon's) office."

"Who was in the apartment when

you called?"

"Mrs. Daniels and her daughter. A young girl of sixteen or seventeen."

"Did you notice anything unusual in their behavior?"

"Well, I don't know as I'd call it unusual, sir, in the circumstances, but they were terribly upset. Mrs. Daniels said that her husband had gone out two days before and nobody had seen him since."

"Had she no inkling of his whereabouts?"

"No. She said he had left as usual to go to his office in the Covington Theatre and that was the last they had seen of him. Then I asked her if she had notified the police, and when she said, 'No,' I told her I was a detective, and had come seeking her husband as a witness in this trial. She said that he couldn't tell anything, she was sure, but that the murder of James Pollock had killed him too. 'I'm sure that it's just the murder and the trial that have driven him away,' she said. 'He's been almost insane ever since it happened.' With the help of Mrs. Daniels and the daughter I went through his papers there at the house, and then Mrs. Daniels and I went to the theatre and got the watchman to open his office for us."

"Did you find anything important among the papers in Mr. Daniels' desk?"

"Yes. In one of the drawers were some torn scraps of paper. Looked as if the drawer might have been open when the letter was torn up, and some of the scraps fell in it. I placed them together and found they were part of a note from Mr. Daniels to Mr. Pollock."

KIRBY DISASTER MAY BE PROBED

Marine Authority Declares Boat Was Overloaded.

ACCIDENT ON LAKE SUPERIOR

Ore Laden Craft Suddenly Buckles and Breaks in Two, Only Two Men of the Crew of Twenty-two Escaping When Craft Sank.

Duluth, May 10.—The crew of the vessel Kirby, which foundered and sank off Eagle harbor in Lake Superior Monday, was trapped in the fore-castle when the doors were bent out of shape by the buckling of the craft, is the belief of Joseph Mordra, second mate.

Mordra and Otto S. Lindquist are the only survivors of the crew of twenty-two on the vessel.

It is said in local marine circles an investigation of the sinking will be made. One leading marine authority declared the Kirby was built to load to fourteen feet, but that it was loaded to nineteen feet. It was twenty-six years old.

Captain David Gerardin of Cleveland, master of the vessel and one of the best known navigators on the Great Lakes, and Sylvester Smith, chief engineer, are among the lost.

"The ship went down so rapidly I could scarcely believe my eyes," Mordra said. "In less than three minutes the cabins had broken loose and rafts were afloat."

"The water became red from contact with the ore in the boat as the ore leaked through the sides of the vessel."

"I was standing the captain's watch. The captain had gone below only a few minutes before. I never saw him again. He probably was drowned in his cabin. We were making good headway past Eagle harbor."

"The Kirby broke in two without any noise, quickly filled and settled. There was no explosion. I saw No. 1 hatch begin to crumple up, crack and part. Then the ship began to sink at the center, both ends rising."

"The cargo of ore ran out of the cracks in the middle. Then the vessel plunged. Two of us were picked up."

WANT BETTER PROTECTION

Residents of Border Towns Appeal to General Funston.

El Paso, Tex., May 10.—Residents of border towns continue to appeal for more adequate protection, but the scarcity of troops made it improbable their requests would be granted. Major General Frederick Funston has not the men to send.

Whether the American troops will cross the international line into Mexico in their pursuit of the raiders was not indicated by General Funston, but it was pointed out by other army officers such action was improbable.

At army headquarters it was realized General Funston could not get together from the troops available a force strong enough to engage in such an expedition.

EXPLOSION FATAL TO FIVE

Fifteen Others Injured at Dynamite Factory.

Lake Hopatcong, N. J., May 10.—Five workmen were killed and fifteen injured, none dangerously, when three dynamite mixing buildings of the Atlas Powder company plant at Landing were demolished by dynamite explosions.

Another mixing house was destroyed by fire resulting from the explosion.

Many persons here, at Landing, Dover and other places miles distant were cut by flying glass from windows shattered by the force of the explosion.

CALL OUT 40,000 ON STRIKE

Clothing Workers Turn Attention to Chicago Field.

Rochester, N. Y., May 10.—Amalgamated Clothing Workers of America, in biennial convention here, have declared a strike in the Chicago clothing market, affecting 40,000 workers.

Convention Seats Costly.

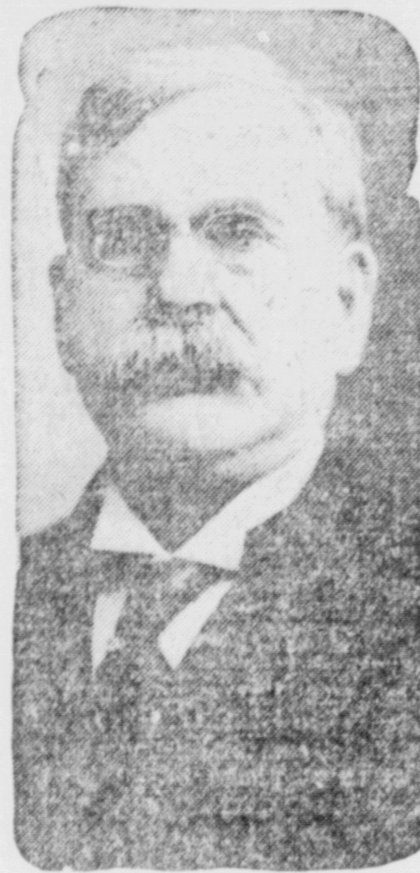

Chicago, May 10.—The advisability of raising the price for spectators' seats at the next Republican national convention from \$50 to \$100 or possibly \$200 is being considered by Frederick W. Upham, chairman of the Chicago committee for the convention.

Elevated.

Traveler—I say, what are you people so proud about? Last time I came here everybody was very friendly, and now I can hardly get a person to speak. Uncle Eben—You'll pardon us, but it's our town pride. You see, Joe Summers picked up a guidebook that fell out of a motorcar last week, and we found that the old tannery swamp is a mountain tarn, Simmons' stone quarry a precipice, Bill Moodler's beer house a wayside inn and the whole country chock full of historical antidotes and delusions.—Toledo Blade.

LAFAYETTE YOUNG.

Former Iowa Senator Is Boosting for Roosevelt.

LAFAYETTE YOUNG BOOMS ROOSEVELT

Chicago, May 10.—Lafayette Young, former United States senator from Iowa, publisher of the Des Moines Capital and one of the influential Republicans in the Middle West, came to Chicago with a Roosevelt boom.

He attached it to the growing demand that others have fostered since the recent visit of the colonel.

Mr. Young is of the opinion that the Middle West is only awaiting the nomination of Roosevelt to send him back to the White House.

In Iowa politics Mr. Young and Senator Albert B. Cummins, candidate for the Republican presidential nomination, have been in opposite Iowa factions of the Republican party for years.

Boozie Beer.

Abyssinia has a sort of beer—ingredients unknown—that bears the appropriate name of boozie.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, spitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. "This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation."

Power

DON'T overlook this matter of power. It is important. You want an automobile that will carry you through mud, sand and snow, and do it easily. You want a car that will climb hills, that will get away quickly without laboring and straining its every part.

Not all cars can do these things, but you *know* that the Maxwell can because you have the proof.

When the Maxwell stock touring car set the World's Motor Non-Stop Mileage Record a few weeks ago, it encountered all sorts of unfavorable conditions—rain, mud and hills, over country and city roads—yet it covered 500 miles per day, day after day, for more than six weeks.

Power, plenty of power, unfailing power, is absolutely essential to such a wonderful performance as this.

Let us give you a booklet telling all the details of this record breaking Maxwell car. And let us tell you about our partial payment plan, by means of which you can make a cash deposit and pay the balance while you use the car. Give us the opportunity and we'll prove our case.

THRIFT.

Thrift is a determination to live with a margin for future advancement, to earn a little more than one spends or to spend a little less than one earns, getting meanwhile the value in strength.—David Starr Jordan.
